

KIFT

High-performance all-in-one care: fewer steps, more radiance

KIFT, a Korean all-in-one cosmetics brand; manufacturing through certified partners

About the company

KIFT COMPANY is the owner and developer of KIFT, a Korean brand of high-performance all-in-one cosmetics. The brand concept is care that does it all in one: a single product addresses several skin needs and reduces a multi-step routine of 6–10 products to a single step. The company positions itself as the brand owner and formulation developer rather than as an in-house manufacturing plant; finished products are made through certified Korean manufacturing partners.

The lineup is built around four all-in-one formats — a serum, creams, a leave-on bubble care mask and a cleansing bar for face and body. Key products: Multi-Solution Face & Eye Serum, Multi-Solution Miracle Mask Cream, Multi-Solution Air Glow Cream, Super Bubble Mask All-In-One and Multi-Solution Face & Body Soap. The formulas combine several cosmetic actives in a single step — birch sap, fermented filtrates, hyaluronic acid complexes, ceramides and botanical ingredients.

KIFT is known for its crowdfunding launches on the Korean platform Wadiz and is preparing to enter international markets: in September 2026 the company is taking part in K-EXPO MEXICO in Mexico City. The core cooperation format is wholesale supply of the brand's finished products on EXW Suwon terms. Clinical and marketing materials are the company's own data, provided at the deal stage and not reproduced on the site as independently verified. For open markets, including Latin America, materials are published through Teranova.

Owner and developer of KIFT, a Korean all-in-one cosmetics brand

"All-in-one" concept: multifunctional care — fewer steps, time saved

A lineup of 8 SKUs: a serum, creams, a bubble mask and a cleansing bar for face and body

Manufacturing through certified Korean partners (CGMP/ISO standards, per company data)

Registration references EU CPNP (part of the SKUs) / US MoCRA — per company data

Product lines

All-in-One Serum

Multi-Solution Face & Eye Serum — a multifunctional all-in-one serum based on birch sap: care for tone, hydration and age-related skin changes in a single step. 30 ml.

All-in-One Cream

Multi-Solution Miracle Mask Cream — a nourishing barrier cream with a ceramide and hyaluronic acid complex; Multi-Solution Air Glow Cream — a lightweight cream with Galactomyces ferment filtrate for hydration, barrier care and a fresh glow. 50 ml.

All-in-One Mask

Super Bubble Mask All-In-One — a leave-on bubble care mask for overnight skin recovery that works as a mask pack without a sheet base. 100 ml and 28 ml (trial) formats.

All-in-One Soap

Multi-Solution Face & Body Soap — a cleansing bar with French clay (20%) for face and body: cleansing and clay care in a single product. Original and Deep at 85 g each, Discovery Kit at 20 g x 2.

Capabilities and manufacturing

A focus on all-in-one care

Multifunctional all-in-one formulas where a single product covers several cosmetic tasks. The company provides clinical and marketing materials after a contract; on the site they are not reproduced as independently verified, with no medical claims.

Manufacturing through certified partners

Finished products are made through certified Korean manufacturing partners; the company's package includes two manufacturer documents for CGMP/ISO standards (per company data). The company does not claim to have its own plant as a fact.

Registrations and standards

Per company data, part of the SKUs have an EU CPNP notification (the package includes three CPNP notifications; updated documents for individual items, including Multi-Solution Air Glow Cream and the reformulated serum, are expected by mid-August 2026), as well as US MoCRA listings. This is company data and registration references, not regulatory approval; copies of supporting documents are provided at the deal stage.

Export and markets

KIFT brand products are available on the Korean market, including through crowdfunding launches on the Wadiz platform. The company is preparing to enter international markets: in September 2026 KIFT is taking part in K-EXPO MEXICO in Mexico City (September 24–27) and plans to work with Latin American buyers. For open markets, materials are published through Teranova.

Sets and trial formats

Terms of cooperation

Cooperation formats

Wholesale supply of KIFT brand finished products — eight SKUs across serum, cream, bubble mask and cleansing bar formats.

Minimum order

The minimum order unit per the price list is one case per SKU; a separate price is set for pallet orders. The overall MOQ for a first order is not separately confirmed and is clarified at the deal stage.

Prices

EXW Suwon, Korea; in USD excluding VAT; on request / to be clarified. Separate prices for case and pallet orders. For orders placed by the end of August 2026, the company offers a promotional term — marketing materials and samples in a volume equivalent to roughly 3% of the first order amount.

Logistics and paperwork

A forwarder appointed by the buyer files the Korean export declaration with KIFT Company as exporter of record and provides the seller with a copy of the export permit within seven days of shipment. Delivery terms depend on the destination country; samples are discussed separately.

How it works

Request → Teranova review and alignment → negotiations and samples → logistics, customs and payment, turnkey.

Prices and terms are indicative and are finalized at the deal stage via Teranova. The supplier's direct contacts are not published. Registration references (EU CPNP, US MoCRA) are stated per company data and do not constitute regulatory approval.
